

**All University Student Association Resolution 2-14**

**Resolution Regarding Health and Wellness at Indiana University**

**WHEREAS**, the health and well-being of all students is important to Indiana University.

**WHEREAS**, students need centralized, available, and well-staffed psychological services.

**WHEREAS**, students need centralized, available, and well-staffed services that promote overall health.

**WHEREAS**, students need adequate and available space for intramural programs.

**WHEREAS**, student organizations need space that promotes group physical activity.

**WHEREAS**, students need access to workout facilities, gyms, and other recreational areas.

**WHEREAS**, students need access to healthy food options and nutrition education.

**WHEREAS**, health and wellness centers offer safe alternative programs as a mechanism to reduce dangerous incidents.

**WHEREAS**, health and wellness centers offer spaces for cross-cultural and diverse engagement.

**WHEREAS**, Indiana University has constructed several health and wellness centers to these ends.

**WHEREAS**, IU Kokomo has a health and wellness center.

**WHEREAS**, IU South East has a health and wellness center.

**WHEREAS**, IU Bloomington has three health and wellness centers.

**WHEREAS**, IU South Bend has a health and wellness center.

**WHEREAS**, IU Northwest has a health and wellness center.

**THEREFORE LET IT BE RESOLVED**, the AUSA supports health and wellness initiatives at all Indiana University campuses.

**THEREFORE LET IT BE RESOLVED**, the AUSA supports the construction of facilities that support health and wellness initiatives where feasible.

Passed by the All University Student Association on this 5th day of November, 2014.
