FINANCE AND AUDIT AND STRATEGIC PLANNING COMMITTEE

1. Report from Randall L. Tobias, chair

2. Action Item: Approval of the board is requested for a resolution authorizing an amendment to its prior resolution dated September 19, 2008 that will further amend Section 1.2 and Section 2.1 of the bylaws of the Indiana University Building Corporation to conform with organizational changes made by the university with respect to the appointment of directors.

FACILITIES AND AUXILIARIES COMMITTEE

1. Report from Philip N. Eskew Jr., chair

2. Action Item: Endorsement is requested for the Indiana University Tobacco-Free Policy.
3. Project and Design Approvals

**IUB – Northwest Quadrant Parking Improvements**

*Action Item*: Approval of the board is requested to proceed with a project to improve parking facilities in the northwest quadrant of the Bloomington campus. This project will transform the gravel area into a parking complex with ample green space, native shade tree canopy, and improved pedestrian and vehicular circulation infrastructure. Increased paved parking accommodations will help with greater utilization of the parking that is available to the university and the inclusion of an expansive tree planting plan will ensure the appearance of this parking area is in keeping with the Woodland campus aesthetic of IU Bloomington. A total of 1,855 parking spaces will be provided. Planting areas will be created by excavating the existing gravel and stone to a 3-foot depth and utilizing the excavated materials on site to build up the new paved areas an additional foot, ultimately creating a 4-foot depth of soil which will allow for mature tree growth. An east/west extension of North Jordan Avenue, south of Bart Kaufman and Andy Mohr Fields will be created to improve traffic flow. The existing north/south vehicular spine will be reinforced with sidewalk/accessible ramps on each corner. Storm water improvements will be realized with respect to both reduction in quantity of runoff and increase in quality of the water that leaves the site. Existing overhead lighting will remain in place with upgraded concrete bases. The total cost of this project is estimated to be $6,800,000 and will be funded through Parking Services Funds and Campus Renovation Funds. Appropriate state approvals will be requested.

**IUB – Wright Quad Dining Renovation**

*Action Item*: Approval of the board is requested to proceed with the renovation of the Wright Quad Dining Facility located on the Bloomington campus. This project consists of upgrading the cooking area in the back of the kitchen as well as the area for the receiving dock. Work includes renovating restrooms for accessibility and creating freezer and cooling space. The total cost of this project is estimated to be $3,700,000 and will be funded through Residential Programs and Services operating funds. Appropriate state approvals will be requested.

4. Consent Items

**IUPUI – Ground Lease Agreement between The Trustees of Indiana University and Regenstrief Institute**

*Action Item*: Approval of the board is requested for a ground lease agreement between The Trustees of Indiana University and Regenstrief Institute for the establishment of a School of Medicine collaboration for continued research.

Approval is requested to enter into a lease agreement with Regenstrief Institute to grant the tenant’s development company rights to construct a building for the tenant on the southwest corner of 10th Street and Wilson Street on the property formally known as 1101 West Tenth Street, Indianapolis, Indiana. The site currently houses the Krannert/Bellflower Institute for Wishard Hospital, and this transaction is contingent upon the university acquiring fee simple title to the property per the Indiana University/Health and Hospital Corporation Land Exchange Agreement. Regenstrief desires to develop the premises with an office and research building consisting of up to four (4) stories with approximately 80,000 gross square feet. The lease term requested is for forty (40) years with the option to extend the initial term for renewal terms of five (5) years. The university has rights to
approve construction architecture and location consistent with university standards. The university also has first right of refusal for purchase of the building should the tenant desire to sell.

The legal description of the premises is on file in the office of the Secretary to The Trustees.
